

Dear Parents and Carers of GCSE Textiles,

During Year 11 GCSE Textiles students need access to Pinterest – a social media site that has information on Textile artists. Whilst I know many of them use this site at home, there are times when they will need to access this site at school. I will be asking students to sign the attached declaration, once the consent slip from a parent or carer is received.

To: Mrs Hankey

Name of student:

*I consent / *I do not consent to my child having access to Pinterest in school. (*Please delete)

**GCSE Textiles: Enhanced Internet Access
Summary of Expectation**

Dear Year 11 GCSE Textile Student,

As a Textiles student, it is important you have access to aspects of the INTERNET, relating to a range of current artists and designers. The program to assist in doing this includes having access to Pinterest content. This necessitates you having a slightly higher access right, compared to other students in school.

It is important that, in order to retain this access, you agree to abide by the following:

- You will not allow other students to use you login / password to access the INTERNET. If you become aware your login details have been used, you must report it to the IT network team immediately.
- You will not use the INTERNET in school to access anything on Pinterest, or other advertising sites, not directly connected to your Textiles course. For example, accessing such sites in other lessons is not permitted.

If you are happy to abide by the points above, please sign the declaration below. This will ensure the enhanced access rights can be set up to enable lessons to proceed smoothly.

Regards
Mrs Hankey

I agree to abide by the points made above with regards security of my INTERNET login details and accessing sites outside of Textiles.

Signed:

Date: June 2023
