

October 2025

Dear Parents and Carers,

Thank you to everyone who has already signed up for the CognitoEdu Premium Science subscription. We currently have **79 families registered**, and we need just **21 more to unlock the bulk discount** for everyone.

CognitoEdu **normally costs £10 per month**, but through the school, students can access the full platform for just **£10 for the entire year**.

The premium version includes the same short, clear videos for every GCSE Science topic as the free model, but **without any limits on the number of interactive questions** that check understanding instantly. These regular knowledge checks are what make the platform so effective. The premium version also includes **real past-paper questions organised by topic**.

It's an excellent way to help students revise more independently and confidently in the run-up to their GCSEs.

To secure the discount, we need to reach 100 subscriptions by 4th November, so if you haven't yet signed up, please do so through ParentPay/School Gateway this week. If we don't reach 100, all payments will be fully refunded.

Thank you for your continued support in helping our students thrive in Science!

Best wishes,

Ossian Hynes
Head of Science
